ORIGIN

1. The steel plant JOHN in Lodz employs 4,000 workers and produces spare parts for tanks and locomotives.
2. The ZIELENIWSKI concern with head-office in Cracow and branch plants in Bydgoszcz and Chorzow employs 12,000 workers and produces bridges and railroad cars.
3. The CHRZANOW plant in Chrzanowie employs 6,000 workers and produces locomotives.
4. The BOREK-FALECKI plant, located in a suburb of Cracow called Borek-Falecki, employs approximately 1,000 workers and produces hand grenades.
5. The SOLVAY plant, also located in the Cracow suburb of Borek-Falecki employs 8,000 workers and manufactures chemicals. Research on combat gas of an unknown type was carried on by the Germans at this plant during the war.
6. The MOSCICE plant in Tarnow employs 4,000 workers and manufactures chemicals, mainly potash. Supervising the production are Russian officers.
7. Armaturenfabrik Eisen - und Metallgiesserei WARMBT in Walbrzych (Waldenburg) employs 400 workers.
8. The Carlshutte Maschinen - und Stahlbau GmbH in Waldenburg employs 1,500 workers and produces armatures and pumps for coal mines.
9. The STALOWA WOLA plant, located 1½ km from Rozwadow, produces war material for the Russians. The plant is located in the woods and is closely guarded by Russian troops. All engineers and most of the workers at the plant are Russians.
10. Rifle factories are located in Czestochowa and in Radom.
